

REMARKS

The applicants have carefully considered the Office action dated October 4, 2010. By way of the forgoing amendments, claim 1 has been amended to add the limitations of claims 2 and 3, and to clarify that during operation the transmitter element does not heat the front portion to a temperature sufficient to cause damage to the body. No new subject matter has been added. Claims 2 and 3 are canceled without prejudice. Claims 1 and 4-29 remain pending and at issue. Of the claims at issue, claim 1 is independent.

In view of the foregoing amendments and the following remarks, reconsideration of the application is respectfully requested.

Request for Entrance of Response

The applicants earnestly request entrance of the present response as the amendments to the claims are presented to overcome the remaining rejections and to place the claims in better form for allowance. The applicants respectfully submit that the claim amendments do not require a further search, as the present limitations of claim 1 have already been searched and deemed allowable as dependent claim 3.

Allowable Subject Matter

As noted, claim 3 was indicated as being allowable if rewritten in independent form including all of the limitations of claim 1 and claim 2. Claim 1 has been amended to include the limitations of claims 2 and 3. The remaining claims depend from claim 1 either directly or indirectly and therefore all dependent claims should likewise be allowable over the presently cited references. It is respectfully submitted that all claims are allowable over the cited art.

Conclusion

Reconsideration of the application and allowance thereof are respectfully requested. If there is any matter that the examiner would like to discuss, the examiner is invited to contact the undersigned representative at the telephone number set forth below.

The Commissioner is hereby authorized to charge any deficiency in the amount enclosed or any additional fees which may be required during the pendency of this application to Deposit Account No. 12-0400.
